At this step You have 3 options to proceed:

1. Install LDS and ST slats (p. 12) and finish here (base bed).

2. Upgrade: guard rail (if included) - see page 9. Install LDS and ST slats afterward (p.12).

3. Upgrade: legs (if included) - see page 7. Install LDS and ST slats afterward (p.12).

6in1 You may install both upgrades (guard rail and legs) provided your kit includes all necessary components. Install LDS and ST slats afterward (p.12).

Upgrade: LEGS

S60 M6X60

W30 M4X30

CAUTION!

**Leg installation is optional.
Please be aware that driving
the screw into the pre-drilled
hole will permanently pierce
the outer surface of the furniture.
This change is irreversible and
will remain visible if you decide
to remove the legs
in the future.**

8

Upgrade: BARRIER

Follow this step if the bed is already assembled.

CAUTION!

Barrier installation is optional. Please be aware that driving the screw into the pre-drilled holes will permanently pierce the outer surface of the furniture. This change is irreversible and will remain visible if you decide

W25 M4X25

10

to remove the barrier in the future.

TO ASSEMBLE THE SECOND BARRIER FOLLOW PAGES 9 AND 10

W25 M4X25

LDS AND ST (p.13) ASSEMBLE

Important!
Install the plastic caps
before assembling the ST
spring slats to the bed frame.
